

Sachin Pandhari Bhopi

Lead UI Developer (SDE III)

Email: sachin.bhopi92@gmail.com | Mobile: +91 9561692572 | LinkedIn: [LinkedIn Profile](#)

Professional Summary

Lead UI Developer with 10+ years of experience in designing and developing **responsive, scalable, and high-performance web applications**. Expertise in **React JS, JavaScript (ES6+), Redux, HTML5, CSS3, and micro-frontend architecture**. Skilled in building **reusable components, UI optimization, and cross-browser compatibility**. Proficient in **npm/yarn, GitLab, EditorJS, and Agile/Scrum methodologies**. Strong focus on **clean code, performance tuning, and secure coding practices** for enterprise-grade applications. Experienced in **team leadership, mentoring junior developers, and leveraging AI-assisted workflows** to accelerate delivery.

Core Competencies

- **Frontend Development:** React JS, Redux, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, AngularJS, Angular
 - **UI Frameworks & Libraries:** EditorJS, Material UI, Bootstrap, Highcharts, D3.js, Ag-Grid, jQuery, Tailwind CSS, i18n, Go JS.
 - **Architecture & Patterns:** Micro-frontend Architecture, Module Federation, Redux Toolkit, React Hooks
 - **API & Integration:** RESTful APIs, SendGrid, EmailJS
 - **DevOps & Build Tools:** Webpack, Vite, Yarn, Nginx, GitHub, GitLab, Bitbucket, JIRA
Agile & CI/CD: Scrum, Kanban, GitHub Actions, Hostinger Platform
 - **Testing & Quality Assurance:** Jest, React Testing Library
-

Leadership & Collaboration

- **Led** UI development and **conducted code reviews** for scalable **React applications**
 - **Mentored** junior developers, **delegated tasks**, and ensured adherence to best practices
 - **Participated in sprint planning**, backlog grooming, and **effort estimations** within **Agile/Scrum** frameworks
 - **Drove adoption of AI-powered tools** such as **Cursor AI** and **GitHub Copilot** to accelerate development.
 - **Collaborated cross-functionally** with **backend engineers, QA teams, and product managers** to deliver high-quality features
-

Professional Experience

IQVIA Analytics Services Pvt. Ltd. | Sr Software Development Engineer |
Mumbai | Jan 2019 – Present

- **One Home For Sites (OHFS):**
 - **Led UI development** for scalable **React JS** applications using **Redux**, **Material UI**, and **Apollo Library**
 - **Implemented micro-frontend architecture** for modular and maintainable design, improved scalability.
 - **Customized and integrated EditorJS** to build a flexible **WYSIWYG content editor** supporting rich text, tables, and images
 - **Developed and published a standalone JavaScript package**, registered on **GitLab Package Registry**, and demo published on **npm/yarn**, enabling icon-based navigation and third-party app integration
 - **Integrated AI-powered tools** like **Cursor AI** and **GitHub Copilot**, reducing development time by 20% and improving **UI unit test coverage**
 - **Resolved UI security vulnerabilities**, ensuring compliance with enterprise security standards
 - **Actively contributed to Agile ceremonies:** pre-grooming, sprint planning, and story estimations for smooth sprint execution
 - **Mentored and delegated tasks** to junior UI developers, ensuring quality delivery and skill enhancement
 - Delivered **responsive and accessible designs** across multiple devices and browsers
 - **Awarded Best Performer (Q1 2025)** for excellence in UI story delivery
 - Key feature deliveries: **System Library**, **Email Trigger**, **Dashboard**, **Content Creator**
- **Study Optimizer:**
 - **Migrated legacy AngularJS application to Angular 2+**, implementing reusable components and improving maintainability

Accion Labs Pvt. Ltd. — Senior UI Developer | Mumbai | Jan 2018 – Dec 2018

- **Collaborated with cross-functional teams** on a client-based (TCS) **HDFC NetBanking project**, leveraging **AngularJS**, **HTML5**, **CSS3**, and **Bootstrap** to deliver robust financial solutions
 - **Developed 3–4 critical modules** for a comprehensive **net banking application**, implementing **responsive user interfaces** and **interactive components** for enhanced user experience
 - **Utilized Backbase CXP Manager platform** to **deploy and manage widgets** for various banking features, ensuring **seamless functionality** and **cross-browser compatibility**.
-

Larsen & Toubro Infotech — Software Engineer | Mumbai | Apr 2015 – Dec 2017

- **Developed web pages** for 2–3 key projects using **HTML5, CSS3, JavaScript, Bootstrap**, and **AngularJS** for client-facing applications
 - **Created responsive dashboard pages** with **dynamic data visualization**, integrating with **backend APIs** to display real-time information
 - **Built interactive user interfaces** for multiple modules, ensuring **responsive design, cross-browser compatibility**, and optimal performance across devices
 - **Implemented real-time device monitoring dashboards** using **Highcharts** and **JavaScript**, enabling advanced visualization and improving system monitoring efficiency
 - **Mastered front-end fundamentals** with **AngularJS** and **jQuery**, establishing a strong technical foundation for career growth in web development
-

Education

- **Bachelor of Engineering (Information Technology)** | RAIT, Navi Mumbai — *2014* | **70.8%**
 - **Diploma in Information Technology** | Government Polytechnic, Thane — *2011* | **84%**
 - **SSC from State Board** | Chaitanya Vidyalaya, Badlapur — *2008* | **90%**
-

Awards & Achievements

- 🏆 Best Performer Award – IQVIA Analytics Pvt. Ltd.
- 🏅 Academic & sports leadership during engineering (including cricket)
